§ 567.11 Reservation of authority.

(a) *Transactions for purposes of evasion.* The Director or the Regional Director for the region in which a savings association is located may disregard any transaction entered into primarily for the purpose of reducing the minimum required amount of regulatory capital or otherwise evading the requirements of this part.

(b) *Average versus period-end figures.* The Office reserves the right to require a savings association to compute its capital ratios on the basis of average, rather than period-end, assets when the Office determines appropriate to carry out the purposes of this part.

(c) *Reservation of authority.* Notwithstanding the definitions of core and supplementary capital in § 567.5 of this part, OTS may find that a particular type of purchased intangible asset or capital instrument constitutes or may constitute core or supplementary capital, and may permit one or more savings associations to include all or a portion of such intangible asset or funds obtained through such capital instrument as core or supplementary capital, permanently or on a temporary basis, for the purposes of compliance with this part or for any other purposes. Similarly, the Office may find that a particular asset or core or supplementary capital component has characteristics or terms that diminish its contribution to a savings association's ability to absorb losses, and the Office may require the discounting or deduction of such asset or component from the computation of core, supplementary, or total capital.
